Accredited certification body according to DIN EN ISO/IEC 17065 (DAkkS D-ZE-20147-01-00)

Company:	Morgan Hungary Ltd.
Location:	Csillagvirág utca 7 Budapest 1106 HUNGARY
Validity:	Class A1 Construction Process design Manufacture
Main function:	F, S
Pre-treatment methods:	BL, Flame Spraying (Copper)
Production methods:	SO, TK, HU, HE
Test methods:	DT, NDT
Degree of mechanization:	M
	(See code table A-Z-Guideline)
Supervisors:	S. annex
Remarks:	Processes according to DIN 6701 are carried out in the "Collector Bonding Room". Sealing processes are carried out in the defined subarea besides the "Collector Bonding Room".
Certificate no.:	CERT/6701/A1/F3/2020/249
Valid from:	February 05, 2020
Valid until:	January 11, 2023
Issued on:	February 05, 2020

Christian Schuch
Deputy Head of Certification Body

General Regulations

The new application has to be submitted to the certification body at least **two month** before the certificate expires if the suitability of the user-company shall be certificated furthermore.

Changes within the time of validity of the certificate

If the address of the user-company or company site, the class of the certificate, supervisors or the area of validity change, the certification body must be informed immediately. The certification body decides about the necessity of an inspection on the site and change of the certificate.

The certification body must be informed if there are changes or additions to main processes or to any of the areas for which the certificate is valid under "pretreatment methods", "production processes", "test methods" and "degree of mechanisation". The certification body decides whether to check the changes on-site and whether it is necessary to change the certificate.

Withdrawal of the certificate

The German railway authority or the certification body can withdraw certificate if:

- 1) There is a serious shortcoming in the execution of the adhesive bonding work as required by this standard;
- 2) There is a serious shortcoming in the supervision of the adhesive bonding work as required by this standard;
- 3) There is no authorised supervision of the adhesive bonding work;
- 4) The employees carrying out the adhesive bonding work at the practical level do not have valid qualification certificates as required by this standard;
- 5) Other conditions required by this standard are no longer fulfilled;
- 6) The period of validity has expired;
- 7) The user-company does not have certification.

The user company must confirm attention of the withdrawal in written form towards the certification body. The certification body has to inform the German railway authority EBA.

Distribution

1. Submitter (original)
2. EBA, German railway authority (copy)
3. Folder (copy)
